

RT41 RADIAL **TOUGH TIRES FOR TOUGHER JOBS**

- Non-directional block pattern provides both abrasion resistance and excellent traction on soft, rocky and gravel surfaces.
- Enhanced tread compound provides outstanding wear and cut resistance
- Zigzag-shaped grooves assure better traction on muddy and soft ground
- Buttress side protection prevents fewer sidewall snags and cuts
- Advanced belt package improves overall durability, provides resistance to punctures, and creates greater stability on a wide range of surfaces

RT41 E-4/L-4

The Yokohama RT41™ is the only tire in its class that offers the power and confidence needed to get the job done right on the most demanding sites. This rugged, long-lasting workhorse is built to resist cuts and snags, and it will never shy away from a challenge.

ADVANCED BELT PACKAGE

Improves overall durability, provides resistance to punctures, and creates greater stability on a wide range of surfaces

ENHANCED TREAD COMPOUND

Provides outstanding wear and cut resistance while zigzag shaped grooves assure better traction on muddy and soft ground

BUTTRESS SIDE PROTECTION

The best in its category, protecting against outside damage for fewer sidewall snags and cuts

HIGH TURN-UP CARCASS CONSTRUCTION

Protects against exterior damage while providing greater lateral stiffness and improved road stability

FLEXIBLE OTR BELT WIRE

The industry's toughest multi-layer, cross-ply steel belt package to improve durability, provide resistance to punctures and enhance stability

ARTICULATED DUMP TRUCKS

SCRAPERS
